In January 2017, I left Finland to do something else for a while.

I worked on Cat Ba in Vietnam as a guide for climbing and kayaking, and then traveled and climbed in Middle East and South East Asia.

Now, I feel it is time to work with data again.

# Sakari Cajanus

## Data Scientist – Curriculum Vitae

**About Me** I have a degree in Biomedical Engineering from Aalto University, where I studied modelling biological networks and computational genomics. Since then, I have used the knowledge in the field of marine industry. I have worked in research, and as an analyst, product manager and software developer.

## Education

### 2015, Aalto University

Master of Science (Tech.) in Bioinformation Technology

### 2012, Aalto University

Bachelor of Science (Tech.) in Bioinformation Technology

## Experience

### February 2017 – August 2017, *Adventure Guide, Asia Outdoors*

### February 2014 – January 2017, *Several positions, Eniram Ltd.*

Analyst:

- Delivered reports to customers on time and with accuracy
- Tracked, diagnosed and fixed data quality issues

Product manager:

- Product management of Models and Data Processing teams
- Worked with other product managers and CTO to satisfy customer needs, prioritize development tasks and deliver on time

Software developer:

- Developed software for data analysis in Python and Matlab
- Moved software to production, planned roadmaps
- Developed minimum viable product for delivering push notifications to a mobile app.

### June 2013 – November 2013, *Master's Thesis Worker, Polar Electro Oy*

Studied the data and the extent to which it is used in the company. Identified opportunities where data could be used to improve customer experience and marketing.

### May 2011 – Dec 2012, *Research Assistant at BECS, Aalto University*

Used point pattern and spatial models for human communication and nerve fiber data. Used both MATLAB and R for statistical analysis.

## Software Development Skills

### Programming

- |           |          |        |
|-----------|----------|--------|
| ○ Python  | ○ Matlab | ○ R    |
| ○ C & C++ | ○ SQL    | ○ Java |

## Positions of Trust

2016, *Vice Chairman*, Contractura climbing club

2016, *Member of Delegation*, Medical student association

2011, *Member of the Board*, Inkubio ry., student association

## Interests

### Professional

Data analysis, Bayesian modelling, Kalman filters, web design & typesetting

### Personal

Sport climbing (and DWS & bouldering), cycling, outdoors, photography
